

Cannabinoid Analysis Price List – April 2020

5 working day Service + Certificate of Analysis: £100.00 + V.A.T.

Each service provides quantitative analysis of nine cannabinoids as detailed below.

Cannabinoid	
Δ^9 – Tetrahydrocannabinol	Δ^9 – THC
Δ^9 – Tetrahydrocannabinolic acid	Δ^9 – THC-A
Cannabidiol	CBD
Cannabidiolic acid	CBD-A
Cannabigerol	CBG
Cannabigerolic acid	CBG-A
Cannabinol	CBN
Cannabichromene	CBC
Tetrahydrocannabivarin	THCV
Cannabidivarin	CBDV

All services are based on working days after receipt of the sample(s) and documentation into the lab. For samples received after 11.00am, analysis will commence on the next available working day.

Please note certificates will not be issued for any results showing over 0.2% THC in these instances only test results will be supplied.
